30	\$103.95	\$114.35	\$127.05	\$138.60	\$155.93	\$190.58	\$225.23	\$277.20
36	\$127.05	\$138.60	\$150.15	\$155.93	\$173.25	\$225.23	\$277.20	\$311.85

MIRROR RESILVERING INFORMATION

Measure the widest width and the longest length of the mirror. Shape makes no difference; round, square, oval, etc. are all priced the same. Use the chart by applying the measurements to the appropriate columns and rows. Where the longest length and the widest width columns and rows intersect read the price to resilver the mirror. **Example:** an oval mirror measuring 17" X 23" would be \$138.60 to resilver.

Resilvering fees do not include removal from frames or re-installing. Removal fee is \$30.00 PER MIRROR, MINIMUM. Reinstallation by estimate only (time & materials). **We do not remove framed auto mirrors.**

Resilvering does not remove scratches or surface blemishes, but instead magnifies them. Expect to see imperfections in your resilvered mirror. They are what make an antique mirror's character.

Breakage may occur due to unforeseen stresses in the glass, human error, etc. We promise to be careful when handling your mirror, but we can not guarantee against breakage. Old glass becomes very brittle with age. It is difficult to handle. It can break easily, especially during removal and/or re-installation in frames. We will be careful, but you must be understanding of the situation. You must understand that the risk is yours, not ours, when you subject your mirror to the processes of resilvering. We will not charge you if your mirror breaks during resilvering, but we will not buy you a new mirror, either. Unless you agree with these conditions, we can not undertake to resilver your mirror.

Mirrors requiring clear openings or other specialty mirrors like parabolic dish lenses require added fees. Please contact us for details.

Please sign and include this form with your shipment to us to agree and authorize us to resilver your mirror for you.
